Shared Adventures annual Day on the Beach at Cowell Beach. Founded in 1994 by Foster Andersen, a survivor of a spinal cord injury with quadriplegia, Shared Adventures has provided hundreds of life-enriching recreational and social activities for people with special needs. Day on the Beach is the highlight of Shared Adventure's calendar where more than 300 people with special needs, more than 400 family members and friends, and over 250 volunteers team up to share a full day of adaptive sports including kayaking, outrigger canoeing, SCUBA diving, and beach wheelchair rides. Thousands of people with work disabilities, mobility limitations and self-care limitations live in Santa Cruz County. (Shmuel Thaler - Santa Cruz Sentinel)
